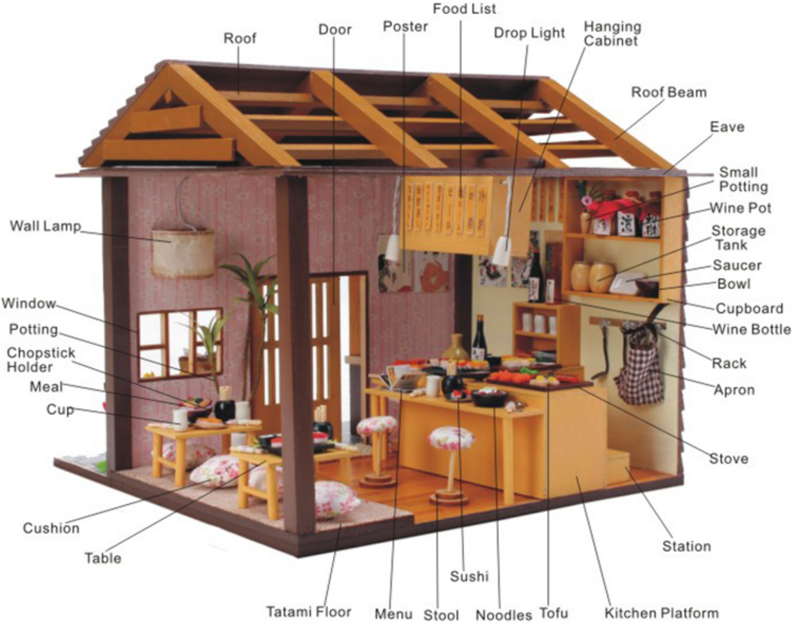
Sakura Sushi Shop

13827 **Detailed instructions**

Sakura Sushi Shop



● **Prompt**

Works of outer packing color map is done at the time of rendering, please refer to the picture production.

Please prepare the following tools: a knife, ruler, scissors, pencils, erasers, needles, etc.

Box with sand paper, can be used to grind the corner of the wood.

Please according to the order to open the package material production, facilitate section to complete the work.

Please pay attention to during the process of production corresponds to that in reference page production flow chart.

Production techniques:

1. Before, first will go through the production process, there is a general concept, please refer to when making the outer packing color map.
2. The production process if there are rough lumber, please use the sandpaper smooth, wood glue.
3. Many materials are used for many times, the production process of cutting material, must make the best use of, don't cry because it is the first time is cut from the middle, resulting in material is not enough use, before the works not completed, the production process of the remaining edges, should not arbitrarily discarded after complete the whole works.
4. Because of the material smaller, and use a knife, scissors, tools such as relatively dangerous, please accompanied by adult children.

Working List

Bag A

Part's Name	Code	Material Name	Color	Thickness	Width	Length	Quantity
Outer Frame	A01	medium density erboard	brown lace	0.5	25	25	1
	A02	medium density fiberboard	brown	0.5	16	24.5	1

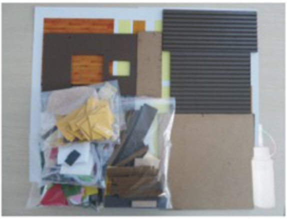
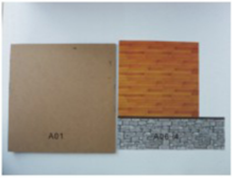
Production Accessories

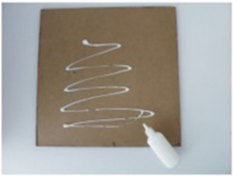


Check the accessories we need before opening:
1. Bag B, C, D, E (Updated version contains Bag F)
2. 2 pieces of paper accessories.
3. 5 pieces of panels.
4. A bottle of glue.

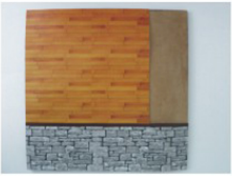
Outer Frame



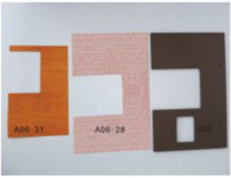
1. Take out A01 and A06-4.



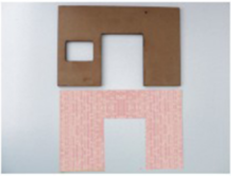
2. Apply glue on one side of A01 evenly.

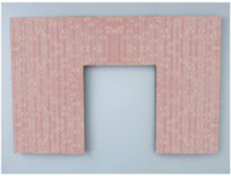


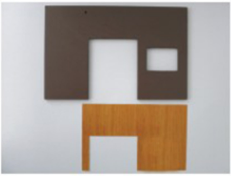
3. Arrange and assemble the materials
   according to the diagram.

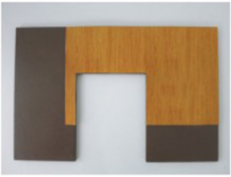


4. Take out A02, A06-28 and A06-31.

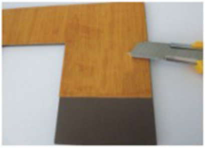




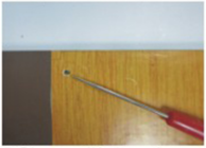




5. Paste A06-28 on the side
   with on color And A06-31
   on the side with brown color.



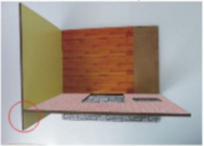
6. Dig A06-28 and A06-31 according to the hollowed-Out position of the panel.



7. Dig a small hole on the corresponding position.

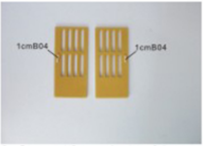
8. Take out A03 and A06-30.

9. Paste A06-30 on A03. (The side with on color)

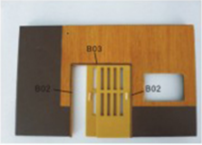


10. Arrange and assemble the materials according to the diagram. (The length of the part marked with red circle Is 3cm)

Door

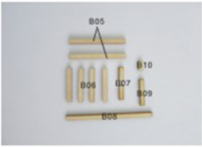


2. Cut out 2 sections of 1cm on B04 with the knife. And then Paste B04 on B01.

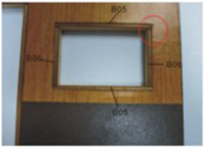


3. Paste B02 and B03 in A02. And Then paste them on B01.

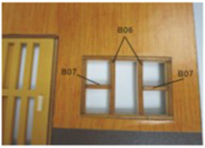
Window



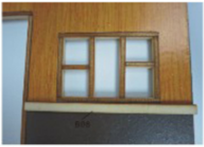
1. Take out B05-B10.



2. Paste B05 and B06 on A02.



3. Paste B07 and B06 on A02.



4. Paste B08 and B10 according to the diagram.

Sign

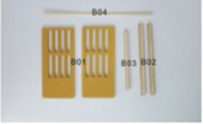
Sushi
B20
A06-17

1. Take out B20 and A06-17.

2. Paste A06-17 on B20.

Tatami Floor

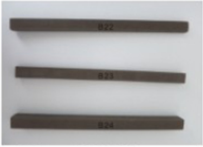
1. Take out A05 and B21.



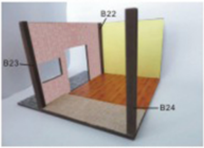
1. Take out B01-B04.

2. Paste B21 on A05. Then paste Them on A01.

Pillar

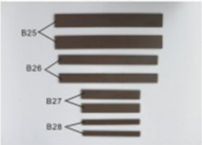


1. Take out B22-B24.

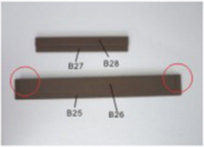


2. Arrange and assemble the materials according to the diagram.

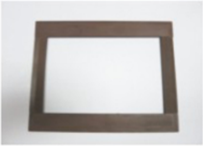
Eave



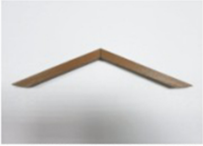
1. Take out B25-B28.



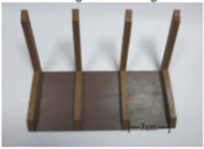
2. Paste B26 on B05 (The length Left on the each side is 1cm).



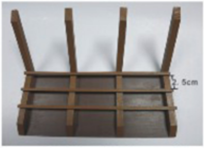
3. Form the eave.



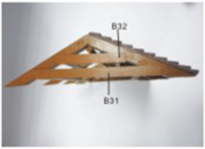
2. Arrange and assemble B29 according to the diagram.



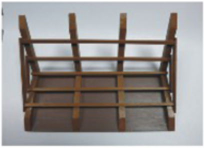
3. Paste the B29 on A04 according to the diagram.



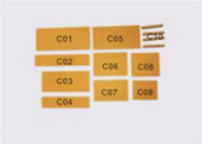
4. Paste B30 on B29 according to The diagram.



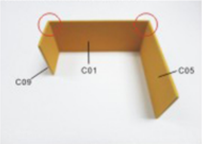
5. Paste B31 with B32.



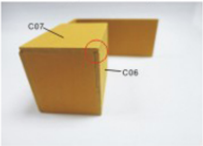
Kitchen Table



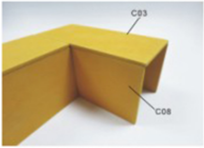
1. Take out C01-C10.



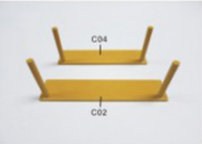
2. Paste C01, C05 and C09 according to the diagram.



3. Paste C06 with C07.

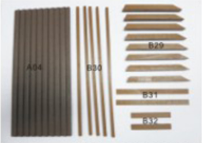


4. Paste C03 with C08.

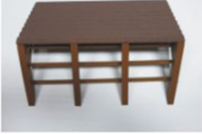


5. Paste C10 on C02 and C04.

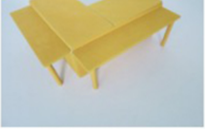
Roof



1. Take out A04 and B29-B32.

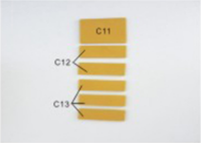


6. Form the roof.

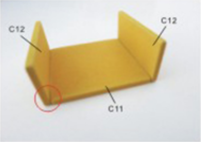


6. Form the kitchen table.

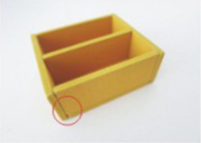
Cup Holder



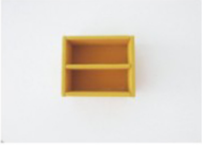
1. Take out C11-C13.



2. Paste C12 with C11.

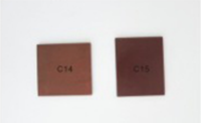


3. Paste C13 with C11 and C12.

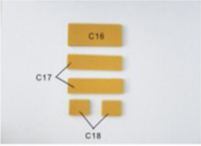


4. Form the cup holder.

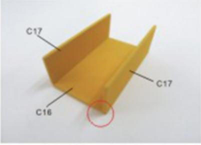
Cutting board, Stove



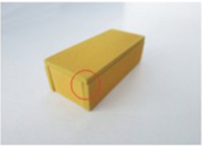
Station



1. Take out C16-C18.

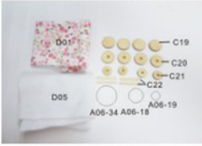


2. Paste C17 on C16.

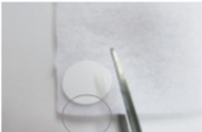


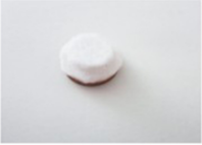
3. Paste C18 on two sides to form The station.

Stool

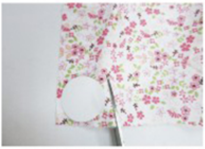


1. Take out C19-C22, D01, D05, A06-18, A06-19 and A06-34.

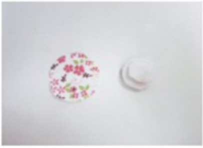


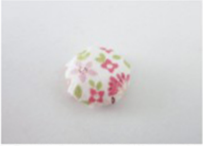


3. Paste them on C19.

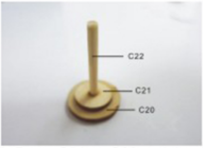


4. Cut out 4 pieces according to The outline of A06-34 from D01.



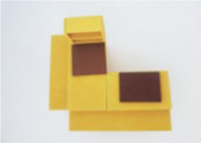


5. Paste them according to the diagram.



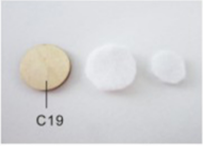
6. Paste C21 on C20 and then

1. Take out C14 and C15.

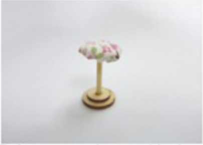


2. Paste the cup holder, C14 and C15 according to the diagram.

2. Cut out four pieces according to the outline of A06-18 and four pieces according to the outline of A06-19 from

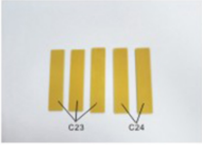


Paste C22 on them.

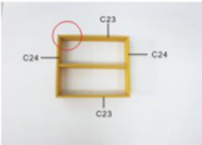


7. Arrange and assemble the materials according to the Diagram. Form the stool.

Closet

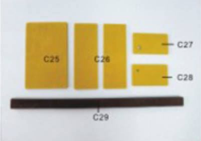


1. Take out C23 and C24.

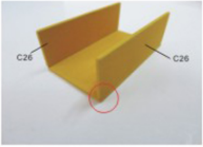


2. Arrange and assemble the materials according to the diagram.

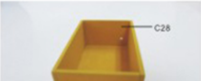
Hanging Cabinet



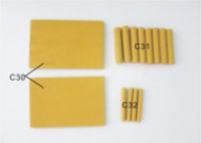
1. Take out C25-C29.



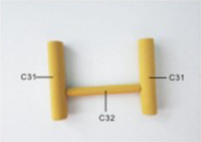
2. Paste C26 on C25.



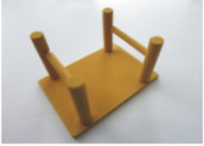
Table

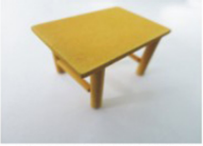


1. Take out C30-C32.



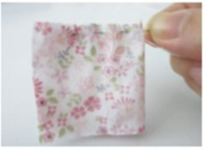
2. Paste C31 with C32.



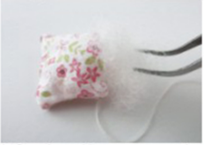


3. Paste the part finished before on C30 to form the table. Make another table with the same Method.

Cushion



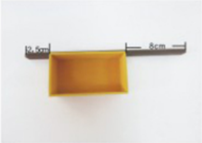
3. Fold the D01 according to the diagram.



4. Sew it and leave an opening. Then turn it over and fill in some cotton.

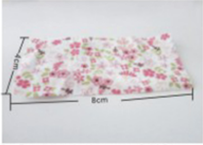
5. Sew the opening.

3. Paste C27 and C28 on them.



4. Paste C29 with them.

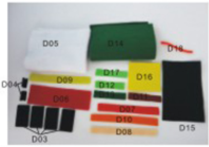
1. Take out D01 and D02.



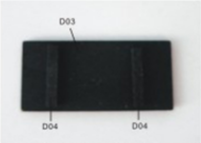
2. Cut out 4 pieces of 4*8cm From D01.

6. Form the other 3 cushions with the same method.

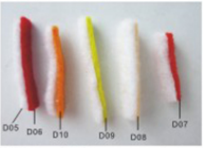
Sushi Plate



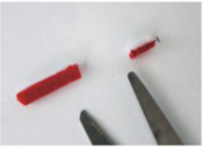
1. Take out D03-D18.



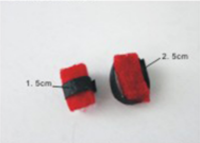
2. Paste D04 on D03 to form the Plate.



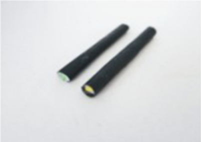
3. Cut out 1*4cm separately from D06 to D10. Then paste them On D05.



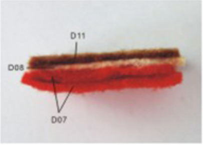
4. Cut out pieces of 1cm from the parts above.



5. Take out D15. Cut out 0.5*1.5cm and 0.5*2.5cm from it. Arrange and assemble the materials according to the diagram.

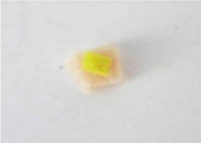


7. Roll D15 and cut them into pieces of 0.5cm.

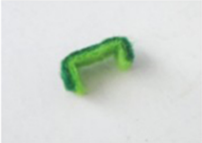


8. Cut out 2 pieces of 1*2cm from D07 and cut out 1*2cm separately from D08 and D11. Paste them To form the meat.

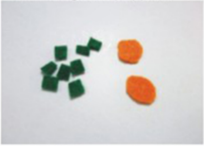
9. Cut out 2 pieces of 0.5*3cm from D08 and paste them. Then cut it into pieces.



10. Cut out 0.3*0.3cm from D09 and paste it on D08.

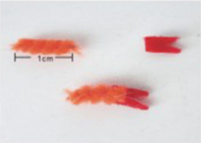


12. Cut out 0.3*1cm and fold it to form the green pepper.

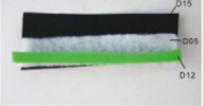


13. Cut D10 and D13 left according to the diagram.

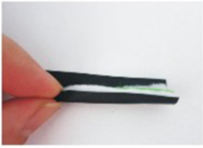
14. Cut out 4 pieces of 1cm from D18.

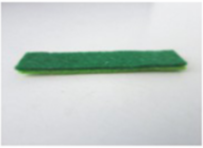


15. Take out D06 and cut it according to the diagram. Paste it with D18 To form the crawfish.



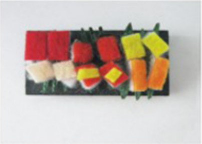
6. Take out D16 and cut out 0.3*3cm. Take out D03 and cut out 1.5*3cm. Then cut 2*3cm from D15.





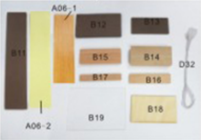
11. Cut out 1*3cm separately from D12 and D13. Then paste them together.

16. Take out D14 and cut out leaves according to the outline of A06-33.

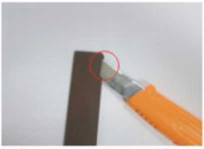


17. Paste the sushi on the plate. Form 4 plates altogether.

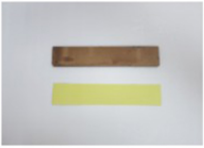
Display Cabinet



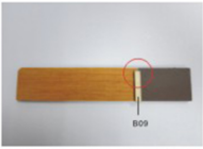
1. Take out B11-B19, 2 pieces of D32 and A06-1, A06-2.



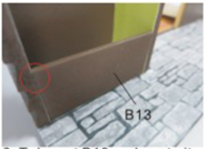
2. Cut out one corner of B11 with the knife.



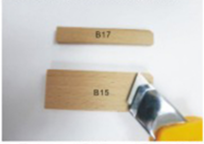
3. Paste A06-2 on B11 (The side with no color).



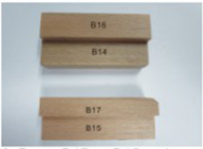
4. Paste A06-1 on B11 and paste



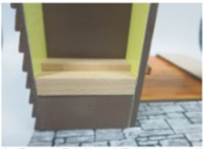
6. Take out B13 and paste it according to the diagram.



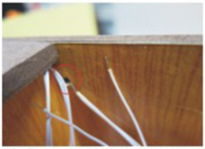
7. Take out B15 and B17. Cut out the corner of them.



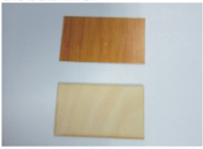
8. Paste B17 on B15 and paste B16 on B14.



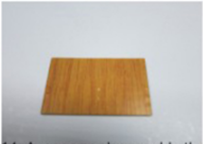
9. Paste B14 and B16 according to the diagram.



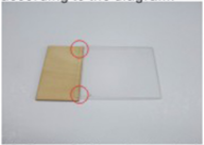
12. Pass through the circle with the bulb wire.



13. Take out B18 and A06-28.



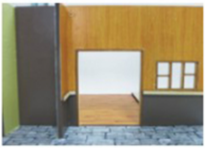
14. Arrange and assemble them according to the diagram.



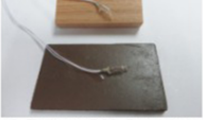
15. Paste B19 on the back of B18. The length of the part marked with red circle is 0.5cm

Display Cabinet Decorations

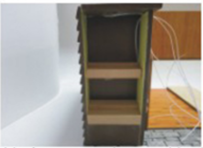
B09 on B11. The length of the part marked with red circle is 0.3cm.



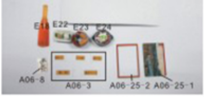
5. Arrange and assemble the materials according to the diagram.



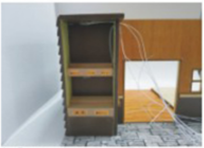
10. Take out D32. Paste it on the bottom of B15 and B12.



11. Arrange and assemble the parts according to the diagram.



1. Take out E09, E18, E22-2E24, A06-3, A06-8, A06-25-1 and A06-25-2.

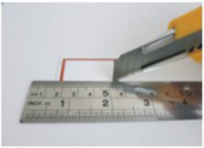


2. Paste A06-3 on E09 and then cut them out. Paste them according to the diagram.

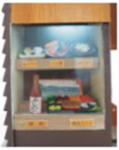
---

3. Paste A06-8 on E18. Form the other bottles with the same method.

4. Paste A06-25-1 and A06-25-2 on E09 and cut them out.

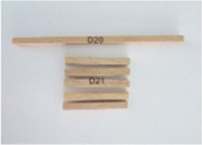


5. Dig out the blank part.

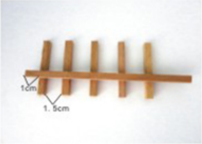


7. Paste the decorations on the display cabinet. Then paste B19 on B14.

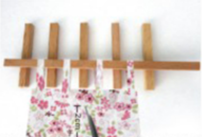
Lantern Support



1. Take out D20 and D21.



2. Form the lantern support.



3. Cut out a piece of 3.5*5.5cm

2. Paste A06-29 on the lid.

3. Dig a hole on the 2 D22.

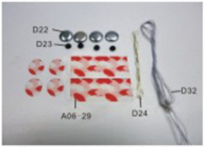
4. Paste D23 on D22.

5. Take out 10cm from D25 and bend it.

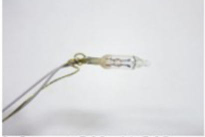
6. Form the decorative picture.

and 4 pieces of 0.5*5cm from D01. Paste them according to the diagram. Cut 2cm on the cloth of 3.5*5.5cm.

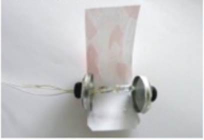
Lantern



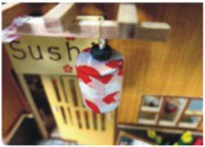
1. Take out D22-D24, 2 D32 and A06-29.



6. Connect D32 with D25 according to the diagram.

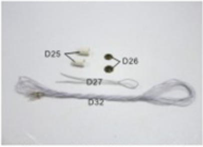


7. Insert the part above into D22.

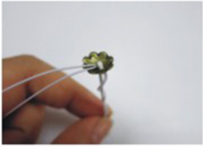


8. Form another lantern with the same method. Bind the lanterns on the rack with the iron wire.

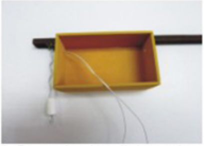
Drop Light



1. Take out D25-D27 and 2 D32.

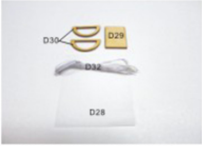


4. Insert the part above into D26. Bend the end part of D27.



5. Paste the drop light on the girder according to the diagram. Make another drop light with the same method.

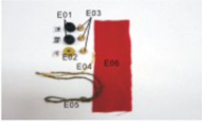
Wall Lamp



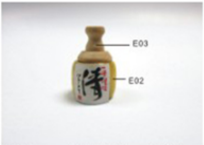
1. Take out D28-D30 and a piece of D32.

3. Paste D28 on D30 and cut out the excess part.

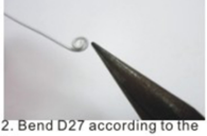
Wine Pot



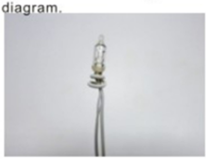
1. Take out E01-E06 and A06-5 to A06-7.

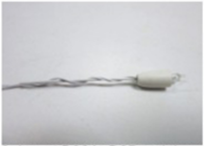


2. Take out A06-7 and E03. Paste E02 on E03.

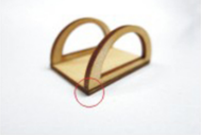


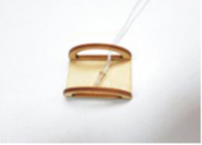
2. Bend D27 according to the diagram.



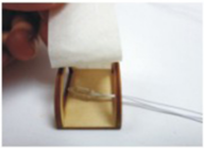


3. Insert D32 in D27 and then insert them in D25.

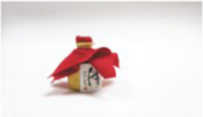




2. Paste D30 on D29 and then paste D32 on D29.

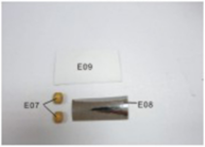


3. Cut out 3 pieces of 5*5cm from E06.



4. Tie the bottleneck according to the diagram. Form three wine pot altogether.

Storage Jar

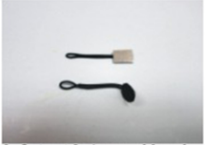


---

1. Take out E07-E09 and cut out two rounds according to the diagram.

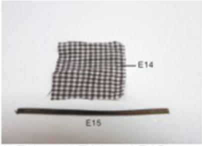
2. Paste the rounds on E07 to form the storage jar.

Hanging Rack

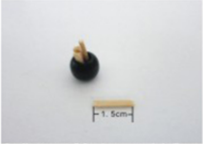


2. Cut out 2 pieces of 6cm from E13. Cut out 0.8*1cm separately on D15 and W08 and paste them on E09; then paste them on E13.

Apron



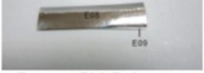
1. Take out E14 and E15.



2. Cut out 20 pieces of 1.5cm from B04 and insert them in E26.

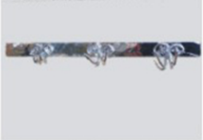
3. Cut out 8 pieces of 1*1.5cm from D01.

Menu Holder



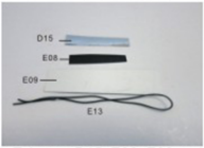
1. Take out E08-E10 and paste E08 on E09.

2. Cut out 6 pieces of 1cm from E10 and bend them.

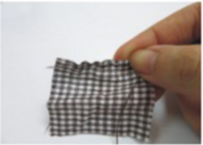


3. Paste E08 on E09 and then paste E10 on E08.

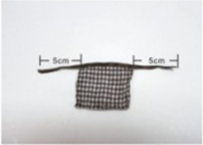
Kitchen Ware



1. Take out D15, E08, E09 and E13.

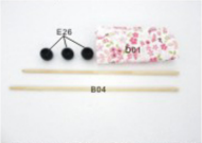


2. Sew the sides of E14.

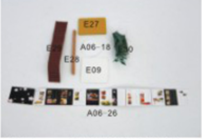


3. Sew the last side of E14 with E15.

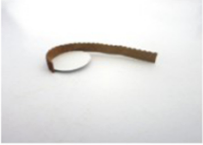
Chopsticks Holder



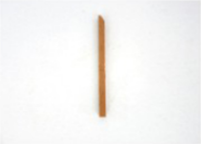
1. Take out B04, D01 and E26.



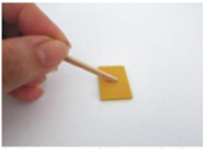
1. Take out E09, E27, E30, A06-18 and A06-26.



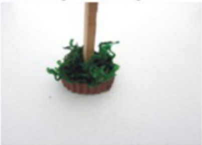
2. Cut E09 according to the outline of A06-18 and then cut out 0.5*7cm from E29.



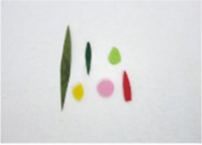
3. Rub one corner down.



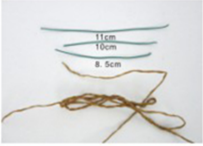
4. Arrange and assemble them according to the diagram.

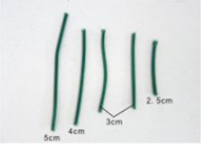


5. Paste the part finished before on E09. Then paste E30 on them.

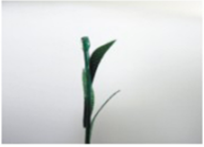


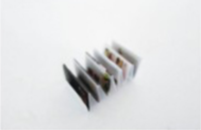
2. Cut out 40 D14, 15 D16, 18 E36, 15 E37, 20 E38 and 4 E39 from A06-33.



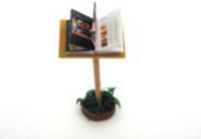


6. Cut out a piece of 5cm, a piece of 4cm, 2 piece of 3cm and a piece of 2.5cm from E40.



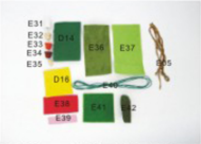


6. Fold and paste A06-26 according to the diagram.

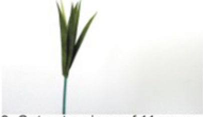


7. Form the menu holder according to the diagram.

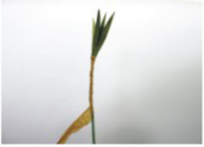
Potting



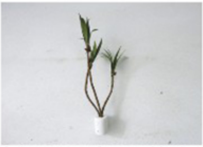
1. Take out D14, D16, E05 and E31-E42.



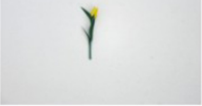
3. Cut out a piece of 11cm, a piece of 10cm and a piece of 8.5cm. Paste 6 E36 on the one side.



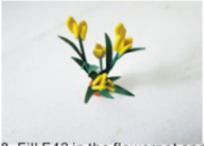
4. Paste E05 on E40. Form the other two with the same method.



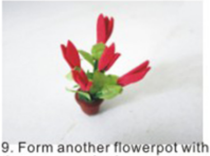
5. Arrange and assemble them according to the diagram.



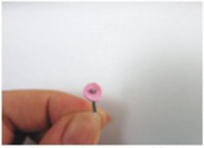
7. Paste D14 on the wire and then paste the petals on the bottom to form the flower.



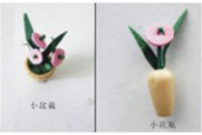
8. Fill E42 in the flowerpot and then insert the flower in the mud.



9. Form another flowerpot with the same method.

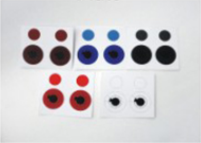


10. Cut out 6 pieces of 2cm from E40. Dig a hole on E39. Then insert the wire pasting with leaves in the hole and bend the bottom.

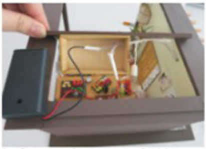


11. Form the small vase.

Plate

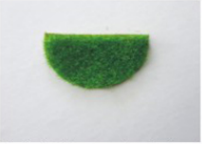


1. Take out A06-20 to A06-24.



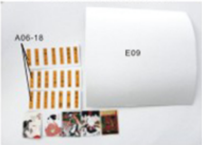
3. Cut out 2 pieces of 1*3cm from D33 to cover the interfaces.

Dust Cover

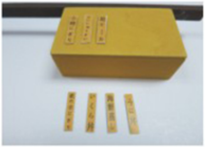


12. Cut E41 according to the diagram and then paste the potting on E41.

Food List, Poster



1. Take out E09, A06-12 to A06-16 and A06-27.

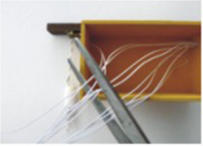


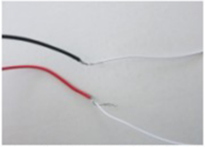
2. Cut the paper accessory and paste the lists on E09.

2. Cut and paste them according to the diagram.

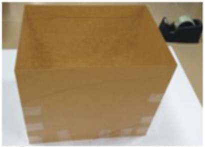
The connection of circuit and the battery box

1. Take out D31.





2. Cut the bulb wires into proper size and peel off the skins of the interface. Then connect the wires of battery box and the bulb together.



1. Paste the glasses with the scotch tape. Do not make a gap between the glasses.

2. Apply glue on the position of the interfaces. And put it upside down.

3. Tear off the brown paper of the outer sides.
