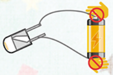
TIPS

1. Color picture on the outer packing is final finishing picture, pls follow it to manufacture.
2. Pls prepare tools, like scissors, straightedge, screwdriver and ect.
3. Pls cut material according to template to avoid mistake.
4. Small deviation among different batch of wood material, cloth and beads is inevitable, pls understand.
5. Children should be accompanied by adults to manufacture.
6. Refer to below operation to test if the bulbs work or not.

Pls distinguish positive and negative pole !



⃠ Connect conducting wire on the battery with hand directly is not allowed.

✓ Testing bulbs must be connecting battery box, wrap the connection point with tape.

Somewhere i have never travelled,
gladly beyond any experience.

Sectional detailed view

After completing the product according to instruction, follow detailed drawing of each portion to display articles.
